

Gummireddy Jaswanth Reddy

B.Tech in Computer Science Engineering | Aspiring Full-Stack Developer

Career Objective

Motivated and detail-oriented CSE student with a strong interest in Full-Stack Development, UI/UX Design, and Machine Learning. Seeking opportunities to build real-world projects that blend functionality with user-centric design.

Technical Skills

- Frontend: HTML5, CSS3, Flexbox, CSS Grid, Responsive Design
- UI/UX Design: User-friendly layouts, consistent visual design, wireframing principles
- Web Design: Semantic HTML, accessibility, layout structuring, performance optimization
- Machine Learning: Python, pandas, scikit-learn, NumPy, data preprocessing, model building

Projects & Practice

- Building landing pages and personal portfolio websites using HTML & CSS
- Practicing form handling, tables, and responsive layouts
- Building simple ML models for classification and prediction tasks
- Designing UI mockups and page layouts based on usability and accessibility principles

Other Interests

- Learning stock market basics via Groww
- Interested in merging Machine Learning with web apps for real-world use cases

Hobbies

- Playing cricket and staying active
- Watching sports (especially cricket and football)
- Analyzing AI bots and their behavior in different platforms and tools
